EDUCATION

oct.2016 - jan 2020
Bachelor of Computer
Wroclaw University of Science and Technology

LANGUAGES

English : B2/C1

Polish   : native

SUPER POWERS

Excellent communication

Abstract thinking

Task oriented

ABOUT ME

Experienced Software Engineer with a strong background in backend development and a current focus on platform engineering. I have extensive hands-on experience with Golang and cloud-native technologies. As a member of a Platform Team, I develop tools and services that help other engineers work more easily and effectively. I'm passionate about cloud infrastructure, Kubernetes, and software architecture.

PROFESSIONAL EXPERIENCE

Senior Golang Developer / Platform Team
Intellias | dec. 2024 - present

- Platform team in automotive project
  - Golang as the main language
  - Using REST, gRPC, connectRPC protocols
  - Developed libraries and supporting services
  - Providing guidance to product teams in the matters of API design
  - Observability: OpenTelemetry, Grafana, Loki, Tempo
  - GitOps: Gitlab CI/CD, ArgoCD
  - DevOps: Azure, Terraform, Envoy

Golang Developer / Platform Team
Nexocode | jun. 2023 - aug. 2025

- Project: Control plane for 3D rendering system
  - Golang REST API
  - Microservices
  - MongoDB
  - Google Cloud Platform
  - Kubernetes and Terraform
  - GCP Pub/Sub
  - Monitoring: Prometheus, Grafana, Sentry

Golang Developer
Acaisoft | feb. 2022 - dec. 2024

- Project: Mobile application for tag recognition
  - Golang REST API (echo framework)
  - Google Cloud Storage: datastore, storage, cloud run
- Project: Web application for selling insurance
  - Golang in Microservices architecture
  - REST API & gRPC
  - Terraform, Kafka, MongoDB, Docker, GitLab CI/CD

C++ Software Developer / Golang Cloud Developer
NiceProject | sep. 2021 - dec. 2022

- Project: Image processing in offset printing
  - C/C++ for communicate with controllers
- Project: Web application for heat pump comparison
  - Implementation Golang serverless application on AWS using Lambda, DynamoDB, CloudFormation
  - CI/CD integration

C++ Software Engineer
DeLaval Operations | feb. 2021 - aug. 2021

- Embedded projects for farm automation
- Working with C/C++ for communicate with controllers
- Additional: Python testing

C++ Software Engineer
Nokia Solutions and Networks | jun 2018- jan. 2021

- Implementing 5G projects
- Working with C++ microservices
- Additional: Python testing and CMake build system

CERTIFICATIONS

Certified Kubernetes Application Developer

AWS Certified Cloud Practitioner

Terraform Associate
